

## **APPEALS AGAINST ADMISSIONS DECISIONS PROCESS AND FORM**

### **NOTES:**

1. Medipathways aims to conduct its admission processes in a fair and transparent manner. Applications are considered on their individual merits based on information provided to the College through the application process and also through an interview with the prospective student.
2. Applicants should be aware that admission for our programmes can be competitive, and therefore a student who meets the entry requirements may not be offered a place due to the limited number of places available.
3. We are committed to providing feedback to students who are not offered a place, and will try to offer alternative options.
4. However, we appreciate that a prospective student has the right to appeal against a decision if it has been seen to have been reached through an administrative or procedural error.
5. Appeals should be made by completing this form and sending to the Registry ([registry@medipathways.com](mailto:registry@medipathways.com)) within ten days of the decision being sent to an applicant.
6. The appeal will be considered by our Admissions Committee and a decision sent to the applicant within two weeks of receiving the appeal.
7. The decision of our Admissions Committee will be final
